Wheat import

632. SHRI B.K. HARIPRASAD: Will the Minister of CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION be pleased to state:

(a) whether Government have shelved its earlier proposal to import wheat from US due to unusually high weed content in the US varities, much beyond the permissible levels set in the Indian plant protection standards;

(b) if so, whether Government are searching for alternate sources like Australia for import of wheat to augment its buffer stocks to comfortable levels; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION (DR. AKHILESH PRASAD SINGH): (a) to (c) The wheat is imported on Government account by floating Global Tenders in which wheat of any country is eligible for import as per tender specifications and conditions. During the year 2007-08 the State Trading Corporation of India (STC), have placed orders for import of 5.11 lakh MTs of wheat from various countries. The US request for relaxation of Phytosanitary norms regarding tolerance levels of quarantine weed seeds in wheat consignments was not accepted by the Government, in view of likely threat of entry of quarantine weeds into the country, which do not exist presently in India.
